

## **ARTIST STATEMENT**

Informally trained in art, I enjoy self-navigating my style and skills through expressive non-objective mixed-media art. When creating, I utilize a range of accessible mediums such as plaster, latex paint, industrial adhesive, newsprint, and found objects in conjunction with traditional formal mediums like oil and acrylic paints to marry outsider and fine art. I have committed my life to contributing to culture and the world-at-large through art production and constantly seek to enhance my technique and work aesthetic to have a stronger visual dialogue with the audience.
